## 2. Provision of Hosting Services

- (a) **Scope of Orange Responsibility.** Customer understands and acknowledges that Orange’s provision of Hosting Services is dependent upon factors outside of Orange’s control (e.g., the uncertain nature of the Internet as well as User’ hardware and software, etc.). Accordingly, Orange is not responsible for the Hosting Services beyond the elements under Orange’s direct control. Orange does not guarantee the performance of any mail application, whether server or client. Notwithstanding anything to the contrary contained in the General Conditions, Orange cannot ensure uninterrupted service on any network or access element provided by a third party or the Tail Circuits providing Internet connectivity, and therefore Orange is not responsible for any downtime resulting therefrom.

Depending on the type of Hosting Services selected by Customer, Orange will make its resources reasonably available in terms of hardware, Software and personnel. Orange will not be liable for delays in the deliveries from the manufacturers of hardware or Software, or for the installation of circuits or the writing of new software.

Orange will take reasonable precautions to ensure the physical protection of the media on which the data and programs reside, which Customer has entrusted to Orange. Specific provisions relating to the backup and recovery of such stored data will vary depending on the type of Hosting Service that Customer orders from Orange.

Customer acknowledges that Orange has supplied Customer with all information necessary for Customer to evaluate the Hosting Services with respect to its requirements. Orange will have no liability for any software virus that may affect the Hosting Services.

- (b) **Use of Information and Internet.** Orange does not assume any responsibility for the operation or management of the Internet or any public network (e.g., Public Wi-Fi) or for Customer’s activities or those of third parties connected to the Internet or any public network (e.g., Public Wi-Fi). Customer is solely responsible for the use it makes of the information supplied by Orange (including statistics, reports, logs, etc.) and regarding the use of the Orange Technology and of Customer’s LAN by Customer’s employees, Users, and third parties. Customer is solely responsible for preventing the loss of data, the unauthorized access to its network, or other damage caused by its use of the Internet or any public network (e.g., Public Wi-Fi). Customer is responsible for providing proper notices and

disclosure information to its web site end-users as required by applicable laws and regulations, including notices and disclosures relating to the provision of e-mail services by applicable country privacy and data protection laws.

- (c) **Archiving.** Orange will archive logs generated by the Hosting Services for a period of one (1) month, unless Orange is required by applicable law to archive such logs for a longer period of time (in which case Orange will archive the logs for such additional time period and will charge the cost thereof to Customer).
- (d) **Changes to the Hosting Services.** If any change to the Hosting Services made by Orange requires modification or update of the Customer Technology, Orange will give Customer sufficient prior notice thereof to allow Customer to perform such modification or update at Customer's cost. Customer is responsible for Hosting Service malfunction or loss of quality if Customer fails to perform the requested modification or update.
- (e) **Acceptance.** Orange will use reasonable efforts to have each Date of Acceptance occur no later than the Committed Delivery Date. Orange will notify Customer of the successful completion of the Acceptance Tests ("**Service Commencement Notice**" or "**Ready for Service Notice**"). Customer will be deemed to have accepted each Component on the date on which Orange issues a Service Commencement Notice for such Component, unless Customer notifies Orange in writing of a material fault in the Component within 5 Business Days of Customer's receipt of the Service Commencement Notice. In such event, the above process will be repeated.

### 3. Location Access and Security

- (b) **Inspection.** Orange and its designees may inspect or observe at any time Customer's equipment and any tools, equipment, materials, or other items brought into the Location by a Representative. If any of Customer's property is in a security enclosure, then Customer will furnish Orange with the appropriate keys or information needed to enter the enclosure.
- (c) **Access and Work Performed by Customer at the Location.** Customer must schedule all non-emergency visits to a Location in advance by completing and submitting an Access Request Form to Orange, which form will be provided to Customer upon request. For Locations where Customer did not purchase a 24 x 7 support service from Orange, access to such Locations outside of Business Hours will be charged in accordance with Orange's Hourly Labor Rates based upon (i) duration of Customer's visit to the Location, or (ii) a minimum of 3 hours, whichever amount is greater.
- (d) **Software Related Faults.** Where Orange provides diagnostics as part of the Hosting Services, to reduce downtime in the event problems cannot be detected by diagnostics, Customer will provide operational and software assistance to Orange free of charge, including telephone support and escalation to the appropriate Customer representatives.

### 4. Intellectual Property

- (a) **Ownership/License.** All title to, and ownership of, Orange Technology will remain the property of Orange or its licensors. Orange, however, grants to Customer for the Service Term of the applicable Hosting Services, a non-exclusive, royalty-free, and non-transferable license to use the Orange Technology for the sole purpose of, and to the extent necessary for, the use of the Hosting Services.

All title to, and ownership of, Customer Technology will remain the property of Customer. Customer, however, grants to Orange for the Service Term of the applicable Hosting Services a non-exclusive, royalty free, and non-transferable license to use the Customer Technology solely for the purpose of providing the Hosting Services to Customer. Neither Customer nor Orange will: (i) directly or indirectly, reverse engineer, de-compile, disassemble or otherwise attempt to derive the source code or other trade secret included in the other Party's Technology, or (ii) copy the other Party's software included in such Party's Technology except as necessary for the provision or for the use of the Hosting Services.

- (b) **Indemnity.** If notified in writing of any action brought against Orange based on a claim that the Customer Technology or any part thereof infringes an Intellectual Property Right, Customer will defend any such action at its expense and will pay any and all Losses finally awarded in such action or constituting a settlement thereof, provided Orange gives Customer reasonable assistance at Customer's expense to defend or settle such claim. Customer will defend any action and will negotiate, at its sole option, settlement or compromise thereof. In the event that an injunction, whether temporary or permanent, is obtained against Orange prohibiting the use of the Customer Technology or any part thereof by reason of such infringement, then Customer will:
  - (i) Use commercially reasonable efforts, at Customer's expense, to procure the right for Customer or Orange to continue using the Customer Technology so that such Customer Technology is no longer infringing a third-party's Intellectual Property Right, or to replace or modify such Customer Technology to the extent the replacement or modification of the Customer Technology is consistent with the Hosting Services; or
  - (ii) Only if Customer cannot achieve the solution referred to in Clause 4(b)(i), direct Orange to cease using the affected part of Customer Technology (in cases where Orange uses the Customer Technology to provide Hosting Services to Customer) and to return it to Customer at Customer's expense, in which case the corresponding Order will be terminated and Customer will pay to Orange the balance of the Charges.

Notwithstanding anything to the contrary contained in the General Conditions, Clause 6.5 (Waiver of Consequential and Indirect Damages) and Clause 6.4 (Limitations of Liability) of the General Conditions will not apply to any claim arising out of or related to this Clause 4(b).

### 5. Customer Obligations.

- (a) **Acceptance.** Customer will use reasonable efforts to accept each Component on the Target Date. Orange reserves the right to commence the Charges for any Component that is delayed due to Customer's breach of this obligation, from the Target Date.

- (b) **Equipment Approval and Licenses.** During the Service Term of the Hosting Services, Customer must maintain all licenses required by any local authorities to install, maintain, use, operate, monitor, repair, and replace the Customer's equipment that is installed at the Location. Customer will release Orange from any claim and damage arising from Customer's non-compliance with this obligation.. Orange reserves the right to refuse to provide or to suspend the Hosting Services, and Customer will release Orange from any claim or damage, if Orange reasonably determines that the provision of the Hosting Services would be prohibited by Orange's local charter or if Customer has not obtained approval from the local regulatory bodies. Customer will defend, indemnify and hold harmless Orange and its Affiliates from and against any and all Losses caused by or arising from any breach or alleged breach by Customer of this Clause 5(b). - (c) **Use of Customer Area, No Competitive Services.** Customer may not use the Customer Area at the Location for any purpose other than its receipt of Hosting Services. Customer will use its equipment and the Customer Area solely for the provision of its services to its end-users and customers. Customer will not knowingly solicit Orange customers or sell services to Orange customers without Orange's prior written consent.
- (d) **Compliance with the Rules and Regulations.** Customer will comply at all times with the Rules and Regulations. In the event Orange amends the Rules and Regulations in a manner that materially impacts Customer's ability to use the Hosting Services hereunder, Customer will provide written notice to Orange of such material impact, providing Orange with 30 days to cure the impact. If, at the conclusion of such 30-day period, the material impact is not cured, Customer may elect to terminate the Hosting Services without liability (other than for Charges incurred through the date of termination) upon written notice to Orange.
- (e) **Interconnection.** Customer will not physically interconnect its equipment with equipment belonging to other entities located within the Location or any other Orange facility without Orange's prior written consent, which Orange may withhold in its sole discretion. This restriction will not restrict Customer from interconnecting its equipment with other pieces of equipment that it owns within the Customer Area.
- (f) **Damage Prevention.** Customer (including its Representatives) will not by any act or omission damage, suffer, or permit any damage to the (i) Customer Area, the Location, or any other portion of the building or property in which the Location is located, or (ii) the equipment of Orange or third parties. Customer and its Representatives will refrain from using any facilities, equipment, tools, materials, apparatus, or methods that in Orange's reasonable judgment might cause damage to the Location or the Customer Area, or otherwise damage or interfere with the equipment or operations of Orange or any other Orange customer or third parties. Orange reserves the right to take any reasonable action to prevent harm to the personnel or property of Orange or of Orange's Affiliates, vendors, and customers or third parties.
- 6. Internet Access/Traffic**
- (a) **IP Addresses - Orange Ownership.** The IP addresses Orange assigns to Customer will continue to be proprietary to Orange and will be used only in connection with the Hosting Services. Customer will not transfer such IP addresses to any other IP service provider. Upon termination of the Hosting Services, Customer will return the Orange-assigned IP addresses.
- (b) **Misuse.** Customer will return the Orange-assigned IP Addresses in the event that, in Orange's sole determination, Customer has improperly used such addresses.
- (c) **Domain Name Registration.** Notwithstanding any assistance that Orange may provide to Customer as stated in the applicable Service Description for Hosting Services, Orange will not assume any liability whatsoever, regardless of the manner in which a claim is derived, in connection with the registration of domain names. In addition, Orange will not be liable for the accuracy or the content of information supplied by Customer and used by Orange to obtain domain name registration. Customer warrants that any domain name registered or administered on its behalf will not violate the trademark or other Intellectual Property Rights of any third party and that Customer will comply with the rules and procedures of the applicable domain name registries, registrars or other authorities. Customer waives any claims against Orange that may arise in connection with the registration or administration of domain names.
- 7. Pricing and Invoicing.** Notwithstanding anything to the contrary contained in the General Conditions, in the event that third party supplier costs to Orange increase, then Orange may adjust the Charges for the Hosting Services accordingly, and Customer agrees to pay such adjusted Charges. Orange will use reasonable efforts to notify Customer at least 30 days in advance of any such adjustment. Charges for each Component will commence from the Date of Acceptance of such Component, subject to Clause 5(a) above.
- 8. Term and Termination.**
- (a) **Term.** Notwithstanding anything to the contrary contained in the General Conditions or in an Order, each Order for a Hosting Service will have a minimum 36-month Order Term from Final Acceptance.
- (b) **Termination.**
- (i) **Cancellation of Orders.** Prior to the commencement of the Service Term, Customer may cancel an Order upon written notice to Orange and reimbursement of all amounts incurred by Orange in connection with the preparation of the Service or cancellation (including any amounts payable to any third party suppliers or TOs for which Orange is liable on behalf of Customer).
- (ii) **Termination of Orders and Termination Liability.** If Customer terminates an Order or Service for any reason during the applicable Service Term, then Customer will provide Orange with at least 90 days prior written notice ("**Minimum Notice Period**") using the Orange-prescribed termination or cancellation form (unless Customer terminates pursuant to a remedy set forth in an SLA, then the period of prior notice will be as specified in the SLA). If Customer requests termination of the Order or Service earlier than the last day of the Minimum Notice Period, Orange may terminate the relevant Service on the Customer-requested date and invoice Customer for the remainder of the Minimum Notice Period.

Except as otherwise expressly provided in the General Conditions or in the Publication, if during the applicable Service Term (1) Customer terminates an Order other than pursuant to Clause 7.3 (*Termination for Cause*) or Clause 7.4 (a) of the General Conditions, or (2) Orange terminates an Order pursuant to Clause 7.3 or Clause 7.4 (*Termination as SLA Remedy or Occurrence of Force Majeure*) of the General Conditions, then Customer will pay: (a) all accrued but unpaid charges incurred through the date of termination, plus (b) the following termination charges: (i) Customer will reimburse Orange for all third party charges, including an amount equal to the aggregate of the Charges for Tail Circuits that would have been applicable for the remaining unexpired portion of the Service Term as of the date of termination and any cancellation fees payable to third parties associated with the termination; (ii) Customer will pay Orange \$1,500 for each Location with CPE and \$250 for each Location without CPE; (iii) if Orange has provided CPE, Customer will pay Orange a lump sum amount equal to the undepreciated value of the CPE as of the date of disconnection, based on the original price paid by Orange for the CPE plus 15% of such original price as a fee for administration and disconnection; and (iv) Customer will reimburse Orange for any charges waived or credits provided by Orange during the Service Term (e.g., installation waiver credit) on a prorated basis.

- (iii) The termination liability set forth in this Clause 8 is in addition to any other remedies available to Orange.
- (iv) **Termination Information.** Upon the cancellation or termination of any Order or Service, Customer will provide all information reasonably requested by Orange regarding the Service as of the date of termination, including the Location address, contact name, telephone number, and Location ID.
9. **Migration.** Upon Customer's request and at an additional charge, Orange may propose to Customer a web site migration plan. Unless otherwise agreed to between Orange and Customer (and such agreement subject to this Clause 9), immediately upon expiration of the Service Term of any Hosting Service or part thereof, Customer will remove all of Customer's property from the Location and return to Orange any equipment belonging to Orange. At least 30 days prior to the expiration of the Service Term of the applicable Hosting Services, Customer will provide Orange with written notice if Customer requires additional time to remove its property from the Location. Upon receipt of Customer's written notice requesting additional time, Orange will provide Customer with an additional 90 days to remove Customer's property from the Location ("**Holdover Period**"). The monthly recurring charges for the Hosting Services will be increased by ten percent (10%) during a Holdover Period, and Customer will pay in full such increased monthly recurring charges for the entire duration of a Holdover Period, regardless of whether Customer actually utilizes the entire Holdover Period to remove its property. If Customer requires an additional 90-day Holdover Period, Customer will provide Orange with at least 30 days prior written notice, and the terms of the preceding two sentences (including the increase in charges) will apply to such additional Holdover Period(s). If Customer fails to remove its property within 30 days after the expiration or termination of any Order for Hosting Services or upon the expiration of the Holdover Period, as applicable, Orange will deinstall Customer's property from the Location, return such property to Customer at Customer's cost, and invoice Customer for all costs incurred by Orange relating thereto, including charges for the time spent by Orange in de-installing such property.

  - (ii) workers' compensation insurance equal to the amount required by applicable law; and
  - (iii) property insurance covering electronic computer equipment for the perils customarily insured, but in no event more restrictive than "all risks' cover" property insurance, covering Customer's property in the amount of its full replacement cost at the time of the loss.
- Customer will maintain, and will be solely responsible for ensuring that its agents (including contractors and subcontractors) maintain, the types and amounts of insurance listed above and other types of insurance required by applicable law and customary in Customer's and its agents' industries. Each policy must contain a provision that the insurance policy and the coverage that it provides will be primary and noncontributing with respect to any policies carried by Orange. Within 10 days after request by Orange, Customer will provide to Orange evidence of the foregoing insurance in the form of an industry-standard certificate of insurance or other evidence acceptable to Orange. All policies (excluding workers' compensation) will name Orange and its Affiliates as additional insured parties with respect to the Hosting Services. All insurance required by this Clause 10 will be issued by financially secure insurance companies authorized to issue insurance in the jurisdiction where the Location is located.
11. **No Estate or Property Interest.** Customer acknowledges that it has been granted only a license to occupy designated portions of the Location and that it has not been granted any real property interests in the Customer Area or the Location. Customer hereby disclaims any possessory, leasehold, or other real property interest in the Customer Area, the Location, or any other portion of the building or project in which the Location is located. Without limiting the foregoing, Customer has no rights whatsoever under Orange's lease for the Location. Payments by Customer under this Agreement do not create or vest in Customer (or in any other entity or person) any leasehold estate, easement, ownership interest, or other property right or interest of any nature in the Location or any part thereof. The Parties intend and agree that Customer's equipment located in the Customer Area, whether or not physically affixed to the Location, is not a fixture and will not be construed as such.
