Unless otherwise agreed by the Parties in writing, Orange is not responsible for the Hosting Services beyond the elements under Orange's direct control. Orange does not guarantee the performance of any application or software, whether server or client. Orange cannot ensure uninterrupted service on any network or access element providing Internet connectivity, and therefore Orange is not responsible for any resulting downtime, unless otherwise agreed by the Parties in writing.

Depending on the type of Hosting Services selected by Customer, Orange will make its hardware, Software, and personnel reasonably available for the provision of the Hosting Services; however, Orange will not be liable for delays in the deliveries from the manufacturers of hardware or Software, or for the installation of circuits or the writing of new software.

Orange will take reasonable precautions to ensure the physical protection of the media on which the data and programs associated with the Hosting Services reside, which Customer has entrusted to Orange.

1.2.2 **Use of Information and Internet.** Orange will have no responsibility (a) for the operation or management of the Internet or any public network (e.g. Public WiFi), or (b) for the activities of Users or third parties connected to the Internet or any public network (e.g. Public WiFi). Customer is solely responsible for its Users use of the information supplied by Orange (including statistics, reports, logs, etc.) as well as the use of Customer's LAN by Customer's employees, Users, and third parties. Customer is responsible for any damage caused by the Users' use of the Internet or any public network (e.g. Public WiFi).

- 1.2.4 **Changes to the Hosting Services.** If any change to the Hosting Services made by Orange requires modification or update of the Customer Technology, Orange will give Customer prior notice thereof to allow Customer to perform such modification or update at Customer's cost. Customer is responsible for Hosting Service malfunction or loss of quality if Customer fails to perform the requested modification or update.
- 1.2.5 **Acceptance.** Orange will use reasonable efforts to have each Date of Acceptance occur no later than the Target Date. Orange will notify Customer of the successful completion of Orange's acceptance tests ("**Service Commencement Notice**" or "**Ready for Service Notice**"). Customer will be deemed to have accepted each Component on the date on which Orange issues a Service Commencement Notice for such Component, unless Customer notifies Orange in writing of a material fault in the Component within 10 days of Customer's receipt of the Service Commencement Notice. In such event, the above process will be repeated.
- 1.3 Location Access and Security**
- 1.3.1 **Security Procedures.** Orange has established security procedures to monitor and control access to the Location. Representatives will have access to the Location and the Customer Area in accordance with Orange's security procedures, as set forth in the Rules and Regulations.

If any of Customer's property is in a security enclosure, then Customer will furnish Orange with the appropriate keys or information needed to enter the enclosure.
- 1.3.3 **Access and Work Performed by Customer at the Location.** Customer must schedule all non-emergency visits to a Location in advance by submitting to Orange a completed Access Request Form (which form will be provided upon Customer's request). For Locations where Customer did not purchase 24x7 support from Orange, access to such Locations outside of Business Hours will be subject to additional charges and a 3-hour minimum.
- 1.3.4 **Software Related Faults.** Where Orange provides diagnostics as part of the Hosting Services, Customer will provide operational or software assistance to Orange free of charge, including telephone support and escalation to the appropriate Customer representatives.
- 1.4 Intellectual Property**
- 1.4.1 **Ownership/License.** All title to, and ownership of, Orange Technology will remain the property of Orange, or its licensors. Orange, however, grants to Customer for the Service Term of the applicable Hosting Services, a non-exclusive, royalty-free and non-transferable license to use the Orange Technology for the sole purpose of, and to the extent necessary for, the use of the Hosting Services. Customer will ensure that Users will not directly or indirectly attempt or allow a third party to attempt to reverse engineer, de-compile, disassemble, or otherwise derive source code or other trade secrets included in the Orange Technology.
- 1.4.2 **Misuse**
- 1.4.2.1 In addition to the suspension and termination rights otherwise set forth in the Agreement (including a Service Description), Orange may suspend or terminate any or all Hosting Services immediately, without prior notice to Customer and without prejudice to other rights or remedy available to Orange, if: (a) Orange believes in good faith that a User, person or entity is using the Hosting Services in breach of the Policy, these Specific Conditions or the applicable Service Description; or (b) Customer fails to comply with Orange's recommendations for the Hosting Services.
- 1.4.2.2 Customer will indemnify and hold harmless Orange and its Affiliates against and from all Losses arising out of or relating to any and all claims by any person or entity relating to use of the Hosting Services or the Content, including use of the Hosting Services without consent of Customer or claims in relation to the Content, Personal Data (as defined in the Data Protection Clauses), the Customer Technology or viruses. Notwithstanding anything to the contrary otherwise contained in the Agreement, Clause 6.4 (Exclusion of Consequential and Indirect Damages) and Clause 6.3 (Limitations of Liability) of the General Conditions will not apply to this Clause 1.4.2.2.
- 1.5 Customer Obligations**
- 1.5.1 **Equipment Approval and Licenses.** Customer must maintain all licenses required by any local authorities to install, maintain, use, operate, monitor, repair, and replace the Customer's equipment that is installed at the Location for the Service Term of the Hosting Services. In addition to the suspension and termination rights otherwise set forth in the Agreement, Orange may suspend or terminate the Hosting Services immediately, without prior notice to Customer and without prejudice to other rights or remedy available to Orange, if Orange reasonably determines that the provision of the Hosting Services would be prohibited by the Orange local charter or if Customer has not obtained approval from the local authorities. Customer will defend, indemnify, and hold harmless Orange and its Affiliates from and against any and all Losses arising out of or related to Customer's obligations in this Clause 1.5.1. Notwithstanding anything to the contrary otherwise contained in the Agreement, Clause 6.4 (Exclusion of Consequential and Indirect Damages) and Clause 6.3 (Limitations of Liability) of the General Conditions will not apply to any claim arising out of or related to this Clause 1.5.1.

of its services to its end-users and customers. Customer will not knowingly solicit Orange Hosting Services customers or sell services to Orange Hosting Services customers without Orange's prior written approval.

- 1.5.3 **Compliance with the Rules and Regulations.** Customer will comply at all times with the Rules and Regulations. If any change to the Rules and Regulations has a material adverse impact on Customer's use of the Hosting Services, Customer will provide written notice of such material adverse impact to Orange, and Orange will have 30 days from its receipt of Customer's notice to eliminate such impact. If at the end of such 30 day period, the material adverse impact is not eliminated, Customer may terminate the Hosting Services without liability of either Party (other than for Customer's obligation to pay for Charges incurred up to and including the date of termination) upon written notice to Orange.
- 1.5.4 **Interconnection.** Customer may interconnect its equipment with other pieces of equipment that Customer owns within the Customer Areas, but Customer will not interconnect its equipment with equipment belonging to others located within the Location or any other Orange facility without Orange's prior written consent, which Orange may withhold in its sole discretion.
- 1.5.5 **Damage Prevention.** Customer (including its Representatives) will not by any act or omission damage, suffer or permit any damage to (a) the Customer Area, the Location, or any other portion of the building or property in which the Location is located, or (b) the equipment of Orange or third parties. Customer and its Representatives will refrain from using any facilities, equipment, tools, materials, apparatus, or methods that in Orange's reasonable judgment might cause damage to the Location or the Customer Area, or otherwise damage or interfere with the equipment or operations of Orange or any third party. Orange reserves the right to take any reasonable action to prevent harm to the personnel or property of Orange or third parties.
- 1.6 Internet Access/Traffic**
- 1.6.1 **IP Addresses - Orange Ownership.** The IP addresses Orange assigns to Customer will continue to be proprietary to Orange and will be used by Customer only in connection with the Hosting Services; Customer will not transfer such IP addresses to any other IP service provider. Customer will return the Orange-assigned IP addresses to Orange upon termination of the Hosting Services.
- 1.6.2 **Misuse.** Customer will return the Orange-assigned IP Addresses if, in Orange's sole determination, Customer has improperly used such addresses.
- 1.6.3 **Domain Name Registration.** Notwithstanding any assistance that Orange may provide to Customer as stated in the applicable Service Description, Orange will have no liability, regardless of the manner in which a claim is derived, in connection with the registration of domain names. Orange also will not be liable for the accuracy or the content of information supplied by Customer and used by Orange to obtain domain name registration. Customer agrees that any domain name registered or administered on its behalf will not violate the trademark or other Intellectual Property Rights of any third party and that Customer will comply with the rules and procedures of the applicable domain name registries, registrars or other authorities. Customer expressly waives any Losses against Orange that may arise in connection with the registration or administration of domain names.
- 1.7 Pricing and Invoicing**
- 1.7.1 Notwithstanding anything to the contrary otherwise contained in the Agreement (including an Order), if third party supplier costs to Orange for enabling the provision of the Hosting Services (including but not limited to energy costs) increase, then Orange may adjust the Charges for the Hosting Services accordingly, and Customer agrees to pay such adjusted Charges. Unless otherwise provided in the applicable Service Description, Orange will invoice Charges for each Component from the Date of Acceptance of such Component, except that the Solution Charges will commence from the date of delivery of the Solution to Customer.
- 1.8 Term and Termination**
- 1.8.1 **Term.** Notwithstanding anything to the contrary otherwise contained in the Agreement (including an Order), each Order for a Hosting Service will have a minimum 36-month Order Term from Final Acceptance.
- 1.8.2 **Termination**
- 1.8.2.1 **Cancellation of Orders.** Prior to the commencement of the Service Term, Customer may cancel an Order upon written notice to Orange and reimbursement of all amounts incurred by Orange in connection with the preparation of the Hosting Service or cancellation (including any amounts payable to any third party suppliers for which Orange is liable).
- 1.8.2.2 **Termination of Orders and Termination Liability.** If Customer terminates an Order or Hosting Service for any reason during the applicable Service Term, then no less than 90 days prior to the date of termination ("**Minimum Notice Period**") Customer will submit to Orange a completed and accurate Orange disconnect form (or such other form mutually agreed upon by the Parties) to acknowledge and confirm that termination of the Hosting Service (unless Customer terminates pursuant to a remedy set forth in an SLA, then the period of prior notice will be as specified in the SLA). If Customer requests termination of the Order or Service earlier than the last day of the Minimum Notice Period, Orange may terminate the relevant Hosting Service on the Customer-requested date and invoice Customer for the remainder of the Minimum Notice Period.

Except as otherwise expressly provided in the General Conditions or in the Publication, if during the applicable Service Term (a) Customer terminates the Agreement other than pursuant to Clause 7.3.1 (Termination of Agreement) of the General Conditions or terminates an Order other than pursuant to Clause 7.3.2 (Termination of an Order) of the General Conditions, or (b) Orange terminates the Agreement pursuant to Clause 7.3.1 (Termination of

Agreement) or Clause 7.3.3 (Termination for Non-Payment) of the General Conditions or terminates an Order pursuant to Clause 7.3.2 (Termination of an Order) or Clause 7.3.3 (Termination for Non-Payment) of the General Conditions, then Customer will pay: (i) all accrued but unpaid charges incurred up to and including the date of termination, plus (ii) the following termination charges: (1) Customer will reimburse Orange for all third party charges that would have been applicable for the remaining unexpired portion of the Service Term as of the date of termination and any cancellation fees payable to third parties associated with the termination; (2) Customer will pay Orange \$1,500 for each Location with CPE and \$250 for each Location without CPE; (3) if Orange has provided CPE, Customer will pay Orange a lump sum amount equal to the undepreciated value of the CPE as of the date of termination, based on the original price paid by Orange for the CPE (as evidenced by a written certification from Orange upon Customer's request) plus 15% of such original price as a fee for administration and disconnection; and (4) Customer will reimburse Orange for any charges waived or credits provided by Orange during the Service Term (e.g. installation waiver credit) on a prorated basis.

The termination liability set forth in this Clause 1.8.2.2 is in addition to any other remedies available to Orange.

- 1.8.2.3 The Parties acknowledge and agree that, as of the Effective Date, the Parties cannot estimate with certainty the actual damages that Orange would suffer in the event of a cancellation or termination and that the cancellation and termination liability set forth in this Clause 1.8.2 (a) represents an attempt by the Parties to approximate Orange's anticipated probable and proportionate loss, and (b) is part of the consideration for this Agreement, is a material and inseparable pricing term for this Agreement, and is reasonable.

1.9 Migration

Upon Customer's request and subject to an additional charge, Orange may propose to Customer a website migration plan. Unless otherwise agreed to between Orange and Customer (and such agreement subject to this Clause 1.9), immediately upon expiration of the Service Term of any Hosting Service or part thereof, Customer will remove all of Customer's property from the Location and return to Orange any equipment belonging to Orange. At least 30 days prior to the expiration of the Service Term of the applicable Hosting Services, Customer will provide Orange with written notice if Customer requires additional time to remove its property from the Location. Upon receipt of Customer's written notice requesting additional time, Orange will provide Customer with an additional 90 days to remove Customer's property from the Location ("**Holdover Period**"). The monthly recurring charges for the Hosting Services will be increased by ten percent (10%) during a Holdover Period, and Customer will pay in full such increased monthly recurring charges for the duration of the Holdover Period, regardless of whether Customer uses the entire Holdover Period to remove its property. If Customer requires an additional 90-day Holdover Period, Customer will provide Orange with at least 30 days prior written notice, and the terms of the preceding two sentences (including the increase in charges) will apply to such additional Holdover Period(s). If Customer fails to remove its property within 30 days after the expiration or termination of any Order for Hosting Services or upon the expiration of the Holdover Period, as applicable, Orange will deinstall Customer's property from the Location, return such property to Customer at Customer's cost, and invoice Customer, for all costs incurred by Orange relating thereto, including charges for the time spent by Orange in de-installing Customer's property.

Customer will maintain and will ensure that its agents (including contractors and subcontractors) maintain the types and amounts of insurance listed above as well as other types of insurance required by applicable law and customary in Customer's and its agents' industries. Each insurance policy must contain a provision that the coverage provided will be primary and non-contributing with respect to any policies carried by Orange. Within 10 days of Orange's request, Customer will provide to Orange an industry-standard certificate of insurance or other documentation acceptable to Orange evidencing the foregoing insurance. All insurance policies (excluding workers' compensation) will name Orange and its Affiliates as additional insured parties with respect to the Hosting Services. Without limiting the foregoing, Customer has no rights under Orange's lease for the Location. Payments by Customer under the Agreement do not create or vest in Customer (or in any other entity or person) any leasehold estate, easement, ownership interest, or other property right or interest of any nature in the Location or any part thereof. The Parties agree that Customer's equipment located in the Customer Area, whether or not physically affixed to the Location, is not a fixture and will not be construed as such. Customer (or the
